

BIOGRAPHY

UNITED STATES AIR FORCE

Mr. Myron C. Anderson

Myron C. Anderson is the director of the Installation Support Directorate (CEI), Headquarters Air Force Civil Engineer Support Agency, Tyndall Air Force Base, Florida. The Installation Support Directorate provides oversight for operations and maintenance Sustainment, Restoration and Modernization projects for base civil engineering units throughout the Air Force. CEI's subject matter experts and project managers help monitor and manage construction quality, timeliness, and costs.

Mr. Anderson graduated from Penn State in 1974 with a Water Resources Engineering Technology Degree, followed by a Masters Degree in Engineering Management through AFIT at Wright Patterson AFB in 1985. Mr. Anderson's professional experience started with the Army Corps of Engineers at the Baltimore District in 1974, followed by a position with the Army at Fort Indiantown Gap in 1977. In 1980 he joined the AFESC Environmental Protection and Assessment Division. Since transitioning to AFCESA in 1991, he has served as the water and waste water technical program manager and Division Chief, Technical Support Directorate.
